A Note from Beth El Brotherhood Catering

Catering is the major source of Brotherhood funding. Revenue from catering events allows Brotherhood to provide scholarships, put on programs, and contribute to other Beth El projects.

An outside caterer will charge for food, equipment, labor, taxes and the customary 22-25% tip. Brotherhood Catering passes through our costs with no markup for linens and dishes and does not charge for catering equipment, taxes, or tip.

More importantly, we volunteer our time, cutting out the labor charge and making these events very affordable for Beth El members.

If Brotherhood Catering has done a good job on your event, you might consider making a donation to Brotherhood in honor of your lifecycle event.

Donations to Beth El Brotherhood may be tax deductible. Please consult your tax advisor.
